INDEX TO VOLUME 56

Adaptation to cold 19–34
Aerobic fitness and cholesterol in young children 771–81
Age, old, anthropometric measurements during, 329–37
Anthropometry of the elderly 329–37
Anthrometric traits, balanced selection and fertility 35–46
Assortative mating for height 617–23

Bailey, Steven M. Growth and maturation in rural Thailand 539–57
Ball, T. E. Fat-free body, hydration of, in children during maturation 651–66
Baumgartner, Richard N. Multivariate analysis of illness data for use in studies of the relationship of physical growth and morbidity 111–27
Becht, James N. Migrants' health status 129–41
Beal, Dan, Aerobic fitness and serum cholesterol in young children 771–81
Berg, Kris, Aerobic fitness and serum cholesterol in young children 771–81
Binkley, M. E. Reproductive performance, Fogo Island Anglicans 143–56
Birth weights of babies of ethnically distinctive first generation Israelis 355–64
Blood groups: and blood pressure 759–69; Duffy, and malaria 413–25; in Himchal Pradesh, India 231–57
Blood pressure: and blood groups 759–69; of Bahamans 317–28
Body composition: by weight of dissected human tissues 459–73; Per cent water in, 651–66
Body density of adolescent athletes 439–48
Body fat, estimation of, by maximum R^2 regression equations 79–100
Body mass, sources of variation in, Tucemseh Michigan families 733–57
Body surface area 475–88
Bogin, Barry, Triceps and subscapular skinfolds of Guatemalan children, international standard versus local reference data, 157–71; Growth, in non-agrarian, semi-urban Guatemalan Indians 527–38
Boileau, R. A. Fat-free body, hydration of, in children during maturation 651–66; Bone mineral in relation to body density 667–79; Skinfold thicknesses, body density and maturation: a cross sectional study 681–9
Bollettino, Laura A. Fetal maturation and prenatal growth of infants born to young adolescent mothers 583–93
Bone mineral: and body density 667–79; in Inuit 63–77

Book reviews: 183–91; 393–412; 595–9; 783–95
Bartsocas, Christos S. Progress in dermatoglyphic research (reviewed by Robert J. Meier) 408–10
Boyden, S., S. Millar, K. Millar, and B. O'Neil, The ecology of a city and its people: the case of Hong Kong (reviewed by George E. B. Morren, Jr.) 406–8
Breuer, Georg, Sociobiology and the human dimension (reviewed by Kathleen M. MacQueen) 185–6
Carter, C. O. (ed.) Developments in human reproduction and their eugenic, ethical implications (reviewed by Marcha Flint) 790–2
Ciochon, R. L. and R. S. Corruccini (eds.) New interpretations of ape and human ancestry (reviewed by G. Philip Rightmire) 788–90
Dobyns, Henry F. Their number become thinned (reviewed by George R. Milner) 595–6
Dobzhansky, Theodosius and Ernest Boesiger, Human culture: a moment in evolution (reviewed by Michael A. Little) 190–1
Dupaquier, J., A. Fauve-Chamoux and E. Grebenik, Malthus past and present (reviewed by William Petersen) 783–5
Dyson-Hudson, Rada and Michael A. Little, Rethinking human adaptation: biological and cultural models (reviewed by Sara Stinson) 186–8
Elsner, Robert and Brett Gooden, Diving and asphyxia: a comparative study of animals and man (reviewed by Joel M. Hanna) 598–9
Freeman, Derek, Margaret Mead and Samoa: the making and unmaking of an anthropological myth (reviewed by Thelma S. Baker) 402–4
Gould, Stephen Jay, The Mismeasure of man (reviewed by Norris M. Durham) 795
Hensel, H. Thermal sensations and thermoreceptors in man (reviewed by Joseph Manino) 596–7
Işcan, M. Yaşar, A topical guide to the American Journal of Physical Anthropology (reviewed by Michael A. Little) 190
Kurtén, Björn (ed.) Teeth: form, function, and evolution (reviewed by Christy G. Turner II) 183–5
O'Rourke, D. H., G. M. Peterson and F. E. Johnston (eds.) Genetics, evolution and disease (reviewed by R. A. Halberstein) 792–4
Ortner, Donald J. (ed.) How humans adapt. A biocultural odyssey (reviewed by A. Roberto Frisancho) 785–8
Preston, Samuel (ed.) Biological and social aspects of mortality and the length of life (reviewed by Charles Hoff) 188–90
Spencer, F. (ed.) A history of American physical anthropology (reviewed by Sherwood L. Washburn) 393–402
Wolfheim, Jaclyn H. Primates of the world: distribution, abundance and conservation (reviewed by Michael A. Little) 599
Wrigley, E. A. and R. S. Schofield, The population history of England (reviewed by Alan C. Swedlund) 404–6
Borsboom, G. Lung function and anthropometric growth data for adolescents 365–81
Bowman, Kirk S. Lactose tolerance, influences of ethnicity, family and environment 307–16

Clarys, J. P. Human body, gross tissue weights by cadaver dissection 459–73; Body surface area, by cadaver study 475–88

Davies, John E. High blood pressure among people of the Bahamas 317–28
Demography of the genus *Homo*, evolutionary implications of, 637–49
Dermatoglyphics 408–10
Diabetes among Chinese migrants 449–58
Down's syndrome incidence in Egypt 703–12
Drinkwater, D. T. Human body, gross tissue weights, by cadaver dissection 459–73; Body surface area, by cadaver study 475–88
Dyke, B. Mortality, estimation of, from two censuses of the Trio of Surinam 489–501; Population dynamics and fertility of the Trio of Surinam 691–701

Eisa, M. Down's syndrome incidence in Egypt 703–12
El-Tahan, M. Down's syndrome incidence in Egypt 703–12
Energy expenditure, measurement of 195–216
Escobar, M. S. Frequency of twinning, 1977–8, in Nuevo León, Mexico 277–90

Fertility: and ages at menarche and at menopause 47–62; and balanced selection 35–46; of the Trio of Surinam 691–701; on Fogo Island, Newfoundland 143–56
Fetal maturation and prenatal growth of infants born to young adolescent mothers 583–93
Fox, Kathleen M. Lateral functional dominance and handedness 259–75
Foxman, Betsy, Migrants' health status 129–41
Freedson, Patty S. Menstrual status and body fat in athletes 383–92
Frerichs, Ralph R. Migrants' health status, 129–41
Friedlander, Y. ABO and RH blood groups and blood pressure in Jerusalem 17 year olds 759–69
Frisancho, A. Roberto, Fetal maturation and prenatal growth of infants born to young adolescent mothers 583–93

Gage, T. B. Mortality, estimation of, from two censuses of the Trio of Surinam 489–501; Population dynamics and fertility of the Trio of Surinam 691–701
Gallow, D. Thermoregulatory responses to acute cold in women of Asian and European descent 19–34
Garruto, Ralph M. Lateral functional dominance and handedness 259–75
Garza-Chapa, R. Frequency of twinning, 1977–8, in Nuevo León, Mexico 277–90
Gerber, Linda M. Diabetes mortality among Chinese migrants to New York City 449–58
Gershoff, Stanley N. Growth and maturation in rural Thailand 539–57
Going, S. B. Fat-free body, hydration of, in children during maturation 651–66

Goldstein, Marcus S. Anthropometric traits, balanced selection and fertility 35–46
Graham, T. E. Thermoregulatory responses to acute cold in women of Asian and European descent 19–34
Growth and: ethnic heterogeneity 625–36
Growth in lung function variables 365–81
Growth of: Guatemalan Indians 527–38; Inuit 217–30; Japanese and milk consumption 427–37; Thais 539–57
Growth status of newborn of adolescent mothers 583–93
Gupta, R. L. Genetics and population structure in India 231–57

Hafez, M. Down's syndrome incidence in Egypt 703–12
Halberstein, Robert A. High blood pressure among people of the Bahamas 317–28
Handedness 259–75
Harper, A. B. Bone mineral content in St. Lawrence Island Eskimos 63–78
Harris lines in protein-deprived rhesus monkeys 173–82
Harrison, Gail Grigby, Skinfold thickness in North American infants 713–31
Heart disease. coronary, in Japanese in Hawaii 339–53
Height of Israeli immigrants from different continents 355–64
Hendrix, M. K. Fat-free body, hydration of, in children during maturation 651–66
Herring, D. A. Respiratory tuberculous mortality among Sephardic Jews, Gibralter 291–306
Higgins, Millicent W. Body mass, sources of variation in, Tecumseh Michigan families 733–57
Hinton, Patricia C. Body mass, sources of variation in, of Tecumseh Michigan families 733–57
Horswill, C. A. Skinfold thickness, body density and maturation: a cross sectional study 681–9
Horvath, Steven M. Menstrual status and body fat in athletes 383–92
Housh, Terry J. Body density of adolescent athletes 439–48
Hunt, Edward E., Jr. Menarche, cumulative fertility and menopause 47–62

Johnson, Glen O. Body density of adolescent athletes 439–48
Johnson, Ronald C. Lactose tolerance, influence of ethnicity, family and environment 307–16
Johnston, Francis E. Triceps and subscapular skinfolds of Guatemalan children, international standard versus local reference data 157–71

Kark, J. D. ABO and RH blood groups and blood pressure in Jerusalem 17 year olds 759–69
Keller, Jacob B. Body mass, sources of variation in, of Tecumseh Michigan families 733–57
Kingsland, Sharon, Raymond Pearl: on the frontier in the 1920's 1–18
Kobyliansky, Eugene, Anthropometric traits, balanced selection and fertility 35–46
Kunitz, Steven J. Mortality change in America, 1620–1920 559–82

Lactose tolerance, influences on, 307–16
Lateral functional dominance and handedness 259–75

Laughlin, W. S. Bone mineral content in St. Lawrence Island Eskimos 63–78
Leal-Garza, C. H. Frequency of twinning, 1977–8, in Nuevo León, Mexico 277–90
Livingstone, Frank B. Duffy blood groups and malaria selection 413–25
